

ECBA Training

Entry Certificate in Business Analysis

OVERVIEW

ECBA training is the level 1 of business analysis training and is designed to help participants learn the fundamentals of business analysis. This comprehensive training will prepare participants to pass the ECBA exam and help making the most of the limited time they have for studying.

The course is aligned with the Business Analysis Body of Knowledge (BABOK® Guide) version 3.0 and includes sample exam questions to make you ready. Additionally, participants will learn test-taking tips and strategies, along with other practice exercises to reinforce the material.

COURSE OBJECTIVES

- Introducing the business analysis best practices.
- Increase participants' confidence and improve their chances of passing the ECBA® certification exam.
- Streamline the massive amounts of information required to pass the test.
- Practicing exam questions to keep participants engaged and aid in their retention and learning
