

CBAP Training

Certified Business Analysis Professional

OVERVIEW

CBAP training is the level 3 of business analysis training and is designed to help participants learn the advanced topics in business analysis. This comprehensive training will prepare participants to pass the CBAP exam and help making the most of the limited time they have for studying.

The CBAP training is aligned with the Business Analysis Body of Knowledge (BABOK® Guide) version 3.0 and includes sample exam questions to make you ready. Additionally, participants will learn test-taking tips and strategies, along with other practice exercises to reinforce the material.

COURSE OBJECTIVES

- Introducing the advanced business analysis practices.
- Raising participants' confidence in BABOK knowledge.
- Improving participants' chances of passing the CBAP certification exam.
- Streamline the massive amounts of information required to pass the test.
- Practicing exam questions to ensure learning retention.
