

CBAP Training

Certified Business Analysis Professional

OVERVIEW

CBAP course is the level 3 of business analysis training and is designed to help participants learn the advanced topics in business analysis. This comprehensive training will prepare participants to pass the CBAP exam and help making the most of the limited time they have for studying.

The CBAP training is aligned with the Business Analysis Body of Knowledge (BABOK® Guide) version 3.0 and includes sample exam questions to make you ready. Additionally, participants will learn test-taking tips and strategies, along with other practice exercises to reinforce the material.

COURSE OBJECTIVES

This course is designed to enable you to pass the CBAP exam and spend less time in preparation. By taking this course, you should expect the following:

- You will **construct** a good understanding of the BABOK content in a relatively short time and with the least possible stress
- You will **recognize** the important areas you need to focus on while preparing for the CBAP exam
- You will be **challenged** with tough questions to assess your knowledge and thinking approach so that you become familiar with the type of questions you will be facing in the CBAP exam
- You will **acquire** the right tools and material to prepare for the CBAP exam
